In 130 sq. meter spacious villa type room, there are 2 bedrooms, living, dining and kitchen with cooking tools and utensils. As to the servicing staff, they are all accommodating registered nurses and care-givers.

Under Economic Partnership Agreement concluded in 2008 between Philippines and Japan, Japanese government enabled the employment opportunity for Filipino People to work as caregivers and nurses by passing the Japanese National Examination. Thanks to this opportunity, we have set-up an OJT ground at Tropical Paradise Village. They are the selected ones and are committed to delight people.

There is no other place like TPV where you shall experience the superb hospitality and be recharged fully through genuine care-giving. In the surrounding area, you shall enjoy trekking, horse riding, tennis, yachting, safari park, shopping at large shopping malls, super markets and various seafood restaurants.

Reservation: Please send the email to us tpv.subic@gmail.com or kindly call us at [047-252-1691](tel:047-252-1691).

We are looking forward to serving you very soon.
